FOIA REQUEST

Fee benefit requested

Dear FOIA Officer:

Pursuant to the federal Freedom of Information Act, 5 U.S.C. § 552, I request access to and copies of records and photographs relating to civil rights movement and cases related to race relations in the Selma area in several boxes marked "Selma" at the National Archives – to include any photographs, records, items relating to the cases of James Reeb (including 44A-MO-45942), Jimmie Lee Jackson (including 282A-MO-45941), and Viola Liuzzo, believed to be in boxes marked "Selma" at the national archives, which contain excerpts from the FBI case files. The "Selma" boxes are referred to as having existed in an FBI report "Civil Rights Era Cold Cases Investigative Process and Results" dated July 16, 2009 (attached) in which Dallas County Alabama District Attorney Michael Jackson was able to inspect and copy several documents related specifically to the Jackson case.

We would like to examine the information in original forms where possible. Where duplication is necessary, I agree to pay reasonable duplication fees for the processing of this request in an amount not to exceed \$200. However, please notify me prior to your incurring any expenses in excess of that amount.

As a representative of the news media I am only required to pay for the direct cost of duplication after the first 100 pages. Through this request, I am gathering information on a significant Civil Rights era cold case that is of current interest to the public because we have learned new information that could lead to a resolution in the case, but we need access to these documents. I am a producer at National Public Radio, and we are producing a major podcast digging into these events. This information is being sought on behalf of NPR News for dissemination to the general public.

If my request is denied in whole or part, I ask that you justify all deletions by reference to specific exemptions of the act. I will also expect you to release all segregable portions of otherwise exempt material. I, of course, reserve the right to appeal your decision to withhold any information or to deny a waiver of fees.

I would appreciate your communicating with me by email or telephone, rather than by mail.

I look forward to your determination regarding my request within 20 business days, as the statute requires.

Thank you for your assistance.

Sincerely,

Graham Smith

**CIVIL RIGHTS ERA COLD CASES
INVESTIGATIVE PROCESS AND RESULTS**

This document is to provide FBIHQ/PCCRS/Civil Rights Unit and the DOJ/Civil Rights Unit the investigative process and results regarding the Civil Rights Era Cold Cases addressed by FBI Mobile / Selma Resident Agency (RA).

This document summarizes the investigative process and results for each of the four (4) cases for which FBI Mobile / Selma Resident Agency (RA) (Special Agents (SA) [REDACTED] and [REDACTED]) addressed (It should be noted that documentation regarding the four (4) captioned cases has previously been provided to FBIHQ/PCCRS/Civil Rights Unit and the DOJ/Civil Right Unit).

Investigative Process:

The cases addressed by the Selma RA are as follows:

JIMMIE LEE JACKSON (282A-MO-45941)

On 07/15/2008, a Preliminary Investigation (PI) was initiated, in response to the Civil Rights Era Cold Case Initiative. Agents were to ascertain whether or not a violation of federal law existed with regard to captioned matter.

On 02/18/1965, JIMMIE LEE JACKSON, along with a group of Civil Rights marchers were chased into Mack's Café in Marion, Alabama by approximately ten (10) Alabama State Troopers.

As the Troopers entered the café, it was reported that the Troopers immediately started overturning tables and hitting customers and marchers alike. In the melee, the Troopers reportedly clubbed 82-year old CAGER LEE to the floor and [REDACTED] [REDACTED] when she rushed to his aid.

b6
b7c

When Jimmie Lee Jackson reportedly attempted to aid his mother, he was shot in the stomach by Trooper [REDACTED] in what was described by [REDACTED] as self defense.

b6
b7c

Jimmie Lee Jackson was transported to Good Samaritan Hospital in nearby Selma, Alabama where he died on 02/26/1965 from what the autopsy ruled to be Peritonitis, resulting from a gunshot wound to the abdomen.

An attempt to indict [REDACTED] in 1965 was met with a "No Bill" by a Perry County Grand Jury on 09/28/1965. On 05/09/2007, [REDACTED] was indicted on charges of 1st and 2nd Degree Murder and a trial was scheduled to begin approximately 10/20/2008, but due to defense motions, which are now being heard by the Alabama Court of Appeals, a new trial date has yet to be set.

Writer reviewed numerous data bases and web sites and was able to obtain further information from newspaper articles related to captioned case. Writer downloaded various open source newspaper articles, via the internet, regarding captioned case.

After further searches, it was determined that the FBI had conducted an investigation into the incident in 1965, MO-44-1226 and 44-HQ-18516, but the case files, due to the amount of time that had passed, had since been destroyed. Excerpts from the original case files were located by FBIHQ at the National Archives in Washington, D.C. and copies of those files were provided to the FBI Mobile, who in turn provided the information to the District Attorney's office. Also provided with the case file documents received from the National Archives were photocopies of photographs of numerous injured persons, including Jimmie Lee Jackson, from the incident in Marion, Alabama the night of 02/18/1965.

FBIHQ/CID/Civil Rights Unit SSA [REDACTED] was contacted and advised of the initiation of the PI into captioned matter and the pending trial of [REDACTED]. Writer was advised to monitor the case and to provide assistance to the District Attorney's office, if requested and possible.

b6
b7c

Writer and SA [REDACTED] visited the Alabama Department of Archives and History in Montgomery, Alabama and were unable to locate any documents pertaining to the case file of captioned case. Agents were able to locate various newspaper articles relating to captioned case.

b6
b7c

Writer contacted the United States Attorney's Office, Southern District of Alabama to ascertain if the U.S. Attorney's Office had any case files regarding captioned case. Writer was advised the U.S. Attorney's Office had no files or cases stored prior to the year 1980.

On 08/27/2008, District Attorney [REDACTED] provided writer with a copy of the Prosecution's tentative witness list. On 09/12/2008, District Attorney [REDACTED] provided writer with copies of various memos and autopsy documents from the State of Alabama, Department of Toxicology and Criminal Investigation.

b6
b7C

On 09/17/2008, writer spoke with Investigator [REDACTED] Alabama Bureau of Investigation (ABI), who advised that the ABI had been the initial lead investigating agency once the investigation into the shooting of Jimmie Lee Jackson was re-opened. [REDACTED] advised, since the case had since moved to the prosecution stage, the District Attorney's office's investigators had now taken the lead in the investigation and the ABI was assisting.

b6
b7C

On 09/17/2008, writer prepared an EC to the Criminal Investigative Division (CID)/Civil Rights Unit (CRU)), dated 09/17/2008 [Ref: 282A-MO-45941 Serial 4], requesting the PI be closed due to the pending prosecution of [REDACTED] by the State of Alabama. [REDACTED], U.S. National Archives, advised writer that the U.S. National Archives maintains several boxes of documents, simply labeled "SELMA", and the excerpts from the FBI case files, to include the photographs, were in these boxes. Walker advised further that the archives does not have any negatives for the photographs, only the photographs.

b6
b7C

[REDACTED] advised the photographs could be scanned, but that the FBI would have to bring the equipment to do the scanning because the U.S. National Archives does not have nor maintain the equipment necessary to accomplish the scanning. Walker further advised that arrangements to scan the photographs should be

b6
b7C

coordinated through [REDACTED] Special Access b6
 Staff. Walker advised access clearances would also have to be b7C
 passed.

Writer contacted FBIHQ Civil Rights Unit, SSA [REDACTED] b6
 [REDACTED] who advised the unit did not have any personnel or b7C
 equipment necessary to assist with the request and referred
 writer to the Washington Field Office (WFO). Writer contacted
